Sir:

Please charge the requisite Terminal disclaimer fee of \$70 under 37 CFR 1.20(d) to our deposit account No. 50-3391, a duplicate copy of this charge authorization being included herewith.

The Inventors of Record (and Applicants) in the above-captioned application, and owners of One Hundred (100) percent interest, by their undersigned attorney, hereby disclaim, except as provided below, the terminal part of the statutory term of any patent granted on the instant application and covering the subject matter of claims 36 and 41 as-amended in an amendment submitted concurrently with this Terminal Disclaimer in the above-identified application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154-156 and 173 of any patent granted on U.S. Patent Application 11/596,043 which is commonly owned. Applicant hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on U.S. Patent Application

11/596,043 are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantees, their successors or assigns.

In making the above disclaimer, the owners do not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173 of any patent granted on U.S. Patent Application 11/596,043, as shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer.

The undersigned is attorney of record.

Respectfully submitted,
